14783 Pearl Road, Strongsville
440-238-1300, dentiststrongsville.com,
strongvilledentalassoc@yahoo.com

SPECIALTY: General Dentistry

SPECIAL INTERESTS: Laser dentistry, sleep apnea/snoring dentistry, cosmetic dentistry, IV sedation pain-free dental options, Lumineers, Whitening for Life, Botox and aesthetic laser treatments, Invisalign

WHAT SETS HIM APART: Strongsville Dental & Laser Aesthetics' modern office includes a full complement of state-of-the-art equipment offering unparalleled precision and less invasive treatments. The Surgically Clean Air™ technology offers the safest, healthiest dental environment for patients. The team is highly trained and experienced and the office's therapy dogs, Laser and Mercury, offer the most unique warmth and stress-free dental experience.

EDUCATION: Tufts University School of Dental Medicine, Class of 1994; Lumineer Certification, 2007; IV Sedation Residency, Duquesne University, Mylan School of Pharmacy, 2012; Dental Sleep Medicine Residency, Tufts University, 2015; Botox Training for Health Care Professionals, American Academy of Facial Esthetics, 2018

PROFESSIONAL AFFILIATIONS: American Dental Association, Ohio Dental Association, Greater Cleveland Dental Society, American Academy of Facial Esthetics and the Dental Organization of Conscious Sedation, Bright & Beautiful Therapy Dogs

TECHNOLOGIES: Fotona's LightWalker laser, Surgically Clean Air™ technologies

COMMUNITY INVOLVEMENT: Strongsville Dental & Laser Aesthetics sponsors local youth sports teams, Providence House and various Christian charities.

MOST GRATIFYING PART OF YOUR WORK: Seeing a patient transition from a place of pain or deflated self-esteem — all conditions resulting from compromised oral health or aesthetics that we address daily — to one of healing, wellness and confidence.

MISSION STATEMENT: "The Level of Advanced Care You Deserve"
